TEXAS EQUITY PLAN In accordance with three sections of Title I, Part A, of the Elementary and Secondary Education (ESEA), each state education agency (SEA) is required to submit a plan to the U.S. Department of Education (ED) to ensure that all students have equal access to quality education, regardless of race, ethnicity, or family income. Texas has had an equity plan in place since 2005 and had made notable progress in closing equity gaps over the past decade. The 2015 Texas Equity Plan revised and updated the 2012 plan with input from stakeholders in light of new federal guidance as part of ED's "Excellent Educators for All" initiative.
