DRUG IMPAIRMENT TRAINING

for Educational Professionals

March 23, 2017 • 9:00 am - 4:00 pm • ESC Region 11

The goal of the DITEP course is to enable the **secondary educational professional** to recognize the signs and symptoms of drug and alcohol impairment in order to prevent an impaired student from driving away from campus, and to serve as a treatment intervention tool to reduce future instances of DWI.

Upon completion of this course, participants will be able to describe the involvement of drugs in schools and society; list the seven drug categories and recognize the outward signs and symptoms of impairment associated with each; describe drug trends in society including prescription drug abuse, Spice, bath salts, and energy drinks; identify the key factors that should be considered when discussing substance abuse with a parent; and properly document observations. There will also be a review and discussion of school policy based on elements of the Texas Education Code.

Registration

There is no cost for this session, but registration is required. To register, please visit www.esc11.net and click on "Register," or click on the link below. For more information, please contact Peggy DeMoss at pdemoss@esc11.net or 817-740-7529.
