

## What is the TCMPC TEKS Resource System?

The Texas Curriculum Management Program Cooperative (TCMPC) is a shared service agreement between the 20 Education Service Centers (ESCs) of Texas, which provides content and support for an online curriculum management system known as the TEKS Resource System.

The system includes curriculum components, an assessment item bank, and content specific resources aligned to the Texas Essential Knowledge and Skills (TEKS) adopted by the State Board of Education for the following subject areas:

- English Language Arts and Reading (K-12)
- Spanish Language Arts and Reading (K-5)
- Mathematics (K-12)
- Science (K-12)
- Social Studies (K-12)
- Spanish translated version of all content listed above (K-5)

*"As a principal of a dual language campus, the TEKS Resource System provides a unified platform for all of our teachers. It gives us a way to align our curriculum across our campus and, of course, across our district."*

**Soor-el Puga**

**Principal at Science Hall Elementary**

*"I was amazed at the amount of clarification and specificity and time and effort that went into these documents."*

**Tera Collins**

**Science Specialist at Region 7**

*"Now what we get to do in districts is have conversations about standards. We don't have to worry about writing and creating. We can have the conversations, we can think about how we plan to implement these standards. The TEKS Resource System frees districts up to have more Powerful Learning Communities using the documents provided from our curriculum system."*
