Goals 1-4 | Monday, January 29, 2018
Goals 5-7, 12-13 | Tuesday, February 13, 2018
Goals 8-13 | Tuesday, March 6, 2018

9:00 a.m. - 4:00 p.m. | ESC Region 11

Jennifer Serravallo has condensed reading best practices into 300 strategies! In this three-part series, we will chunk the most high-yield approaches for your students so they can deepen their reading skills and comprehension. Participants will receive a copy of Serravallo's popular text with the intention that they will engage in action research with their own students by putting into practice what we explore in the face-to-face sessions. The three days will be dynamic, organic, and will allow teachers to also share their own findings.
