

PROJECT-BASED LEARNING ACADEMY

FOUR-DAY ACADEMY

October 3, 4, and 5, 2018 **and** January 29, 2019
ESC Region 11

Project-Based Learning (PBL) is all about learning by doing, and that is exactly what you will experience in the ESC Region 11 PBL Academy.

During the Project-Based Learning (PBL) Academy, you will be immersed in a PBL experience while learning the structure and components of PBL. During the training, you will design your own high-quality Project-Based Learning experience to be implemented in a PreK – 12 classroom (or in a Professional Learning setting). When fully constructed and implemented, your PBL learning experience will empower students and/or teachers to master standards while practicing and applying real-world skills.

A fourth day of face-to-face training is included to support your PBL implementation and refine your PBL lesson design and facilitation. An online community and blended learning events are offered to provide the support you need to implement PBL throughout the school year.

REGISTRATION

For pricing and to register, visit www.esc11.net and click on "Register." For more information, please contact Lori Cole at lc@esc11.net or 817-740-3649.

SESSIONS AND SUPPORT IN YOUR DISTRICT:

Our facilitators would love to come to your district! Contact us to set up a custom PBL Academy for your teachers and administrators.

On-site coaching is also available for PBL classroom support.
