

College *and* Career *and* Military Prep *Listening Tour*

March 7-8, 2019 • ESC Region 11

ESC Region 11 is pleased to host one leg of the statewide listening tour coordinated by TEA's College and Career and Military Preparation (CCMP) Division. The purpose of the tour is to inform the development of a new state plan required for Strengthening Career and Technical Education for the 21st Century Act (Perkins V), and the development of statewide frameworks for STEM education and Work-Based Learning (WBL). The tour, which started in December, allows team members to gather information and feedback from stakeholders across the state on the major components of Perkins V as well as current challenges and areas of success around implementing and expanding high-quality STEM and Work-based Learning to all students in Texas.

We would like districts to have representation from elementary, middle, and high school leadership. We would also like to have content specialists or instructional coaches from math, science, and CTE as well as a school counselor. Districts do not have to send all these staff members, but our goal is to have collective representation in the room for these areas. All face-to-face meetings will be held at ESC Region 11.

Schedule

March 7th

- | | |
|------------------|---|
| 1:00 - 4:00 p.m. | TEA Educational Site Visits |
| 6:30 - 7:30 p.m. | Parent Meeting (Room: Innovate C) |
