

FORGOTTEN VOICES IN HISTORY

Everyone has a story. Not everyone has a chance to tell it.

one-hour webinar sessions • 1 hour CEU per session • all sessions begin at 3:30 p.m.

The history you hear depends on who is telling the story.

History is about perspective and point of view. Join us for all four sessions or sign up individually as we listen to guest speakers and look at digital resources for uncovering these often forgotten voices in U.S. history.
